BUY WITH CONFIDENCE! You can enjoy even bigger savings to your pocket book while knowing that you will continue to save on your heating bill throughout the rest of the year. The CZ Infrared™ Portable Quartz Infrared Heater will pay for itself many times over.

CZ Infrared™ is a technologically superior infrared heater that offers ultra-efficient, safe, evenly-distributed heat at less cost than other heating systems. Its impressive air quality and effective heating performance are the result of an innovative, patented system design. This patented

technology uses absorption of infrared energy which produces, mixes, and circulates heated air back into your space.

The resulting evenly-distributed heat minimizes losses at walls, windows and ceilings, saving you energy and money! This soft, cozy heat warms the air in much the same way as the sun heats the earth by means of safe infrared absorption. Tests show that the CZ Infrared™ Heaters are 35% more efficient than forced air electric furnaces and 56% more efficient than propane furnaces.
